LIVE UNITED and join the fight against poverty.

United Way of Yellowstone County

There are basic things that make up a healthy, thriving community - quality education, stable families and independent seniors. United Way is working each day to strengthen these building blocks for everyone in our community.

We have an opportunity to build this kind of community when we work together. Like a complicated puzzle, it takes strategy and hard work. Your donation and others in our community accumulate into a significant contribution - an investment that will focus on preventing problems from occurring in the first place and creating long-term change.

Help children learn important skills to prepare for school.

Offer support to students on the path to graduation.

Ensure families don't go hungry and have a roof over their head.

Help seniors stay in their homes.
